C N LOGESH KUMAR

Full Stack Developer

+91 8925435217 ‖ logeshkumarcn@gmail.com ‖ linkedin.com/in/logeshkumarcn ‖ github.com/LogeshCN004

PROFESSIONAL SUMMARY

Aspiring Full Stack Developer with a strong foundation in Frontend development, Java, and Python. Currently expanding skills in modern web development, backend fundamentals, and MERN stack. Currently focusing on building responsive interfaces, writing clean and structured code, and applying problem-solving through DSA. Motivated to learn new tools, contribute to scalable applications, and deliver reliable digital solutions. I bring strong communication, team collaboration, time management, continuous learning, and problem-solving skills, helping me adapt quickly and contribute effectively.

EDUCATION

B.E. Computer Science and Engineering   **2022 - 2026**
PERI Institute Of Technology   Chengalpattu, Tamil Nadu
CGPA: 7.92/10

Higher Secondary Education   **2020 - 2022**
St. Vincent's Matriculation Higher Secondary School   Chennai, Tamil Nadu
HSE: 70.33%
Stream: Computer Science

Secondary School Education   **2019 - 2020**
St. Vincent's Matriculation Higher Secondary School   Chennai, Tamil Nadu
SSLC: 69%

SKILLS & TECHNOLOGIES

- **Programming Languages:** Java, C, C++, Python
- **Frontend:** HTML, CSS, JavaScript, React, Bootstrap
- **Backend:** Node.js, Springboot, JDBC, Swing
- **Databases:** SQL
- **Tools:** Git, GitHub, Figma, Visual Studio Code, Eclipse, MySQL, Postman, MS Excel/Word/PowerPoint
- **Operating Systems:** Windows, Ubuntu(Basic)
- **Academic Coursework:** DBMS, DSA, OOP, OS, CN, Web Development, UI/UX Design, Software Engineering

EXPERIENCE

Java Programming Intern(Remote)   Jan 15 2025 - Feb 15 2025
CodSoft
Learned various Java concepts and gain hands-on experience on building projects like Number Guess Game, ATM Interface, Student Grade Calculator and Student Management System.
View my GitHub Repository

UI/UX Design Intern(Remote)   Jan 20 2025 - Feb 20 2025
CodSoft
Applied UI/UX principles and methodologies and gain hands-on experience on tools like Figma and designed interfaces like Mobile Signup Flow, E-mail template, Restaurant Menu and E-commerce Website.

PROJECTS

Classroom Attendance Management System using QR Codes — Core Java, JDBC, MySQL — **View**
A modern classroom attendance management system built with a console interface, designed to track attendance using QR codes. The system ensures quick and accurate student verification while minimizing manual effort

Quiz App — Python, Tkinter, SQLite — **View**
A lightweight and interactive quiz application built using Python and the Tkinter GUI framework to deliver a smooth and intuitive user experience. The project includes basic question navigation and score display features, along with simple UI elements for easy interaction.

Merchandise Landing Page — HTML, CSS — **View**
A modern, fully responsive landing page featuring a clean UI with dedicated comic and toys sections, designed to work seamlessly across various devices. The layout uses a lightweight, performance-focused structure, paired with a consistent color palette and typography.

Personal Portfolio Website — HTML, CSS, JavaScript — **View**
A fully responsive and modern personal portfolio website designed to showcase skills, projects, and achievements through a clean, user-centric interface. Built as a beginner-friendly project, it focuses on clarity, responsiveness, and professional presentation.

CERTIFICATIONS

- Python Programming - GUVI
- Java Basics - HackerRank
- SQL Basics - HackerRank
- Artificial Intelligence and Deep Learning Techniques - Udemy
- OCI 2025 AI Foundations Associate - Oracle
- Web Development Fundamentals - IBM SkillsBuild
- Accenture Nordics Software Engineering Job Simulation - Forage

AWARDS & ACHIEVEMENTS

- Participated in One Day Hackathon at S A Engineering College IEEE CS Tech Savants Carnival'24
- Participated in Debugging at S A Engineering College IEEE CS Tech Savants Carnival'24
- Secured 1st place in Web Design at PERI Neonize'25 The Great Galala Intra College Event

INVOLVEMENT

Student Member - Descience Open Source Club Apr 2024 - Oct 2025
Learned about various domains like SDLC, Web development, UI/UX design from working professionals, updated with current trends in the technology fields.

INTERESTS

Learning New Technologies, Traveling, Tech Blogs, Learning Languages, Music and Gaming
